

Gemini 3.1 Flash Live Just Changed Voice Agents.

Google just dropped their biggest voice model upgrade yet. It's no longer speech-to-text-to-speech. It's straight up speech-to-speech. Lower latency. More human. And you can try it for free.

The Announcement

Google's official blog post - Mar 26, 2026

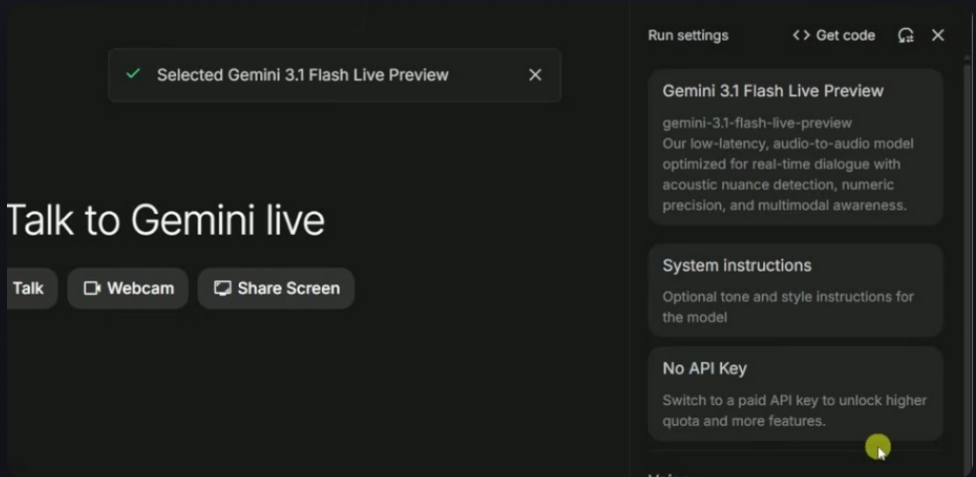

What Makes It Different

- 01** Speech-to-speech (no text conversion in between)
- 02** 19% better multi-step function calling vs Gemini 2.5
- 03** Works in noisy environments (traffic, restaurants)
- 04** Understands sarcasm, stress, and frustration
- 05** 70+ languages with real-time translation

Try It **Free** in Google AI Studio
